**A smarter way
of cleaning**

i-mop XXL®

Sometimes bigger can be better. We proudly presents the new i-mop XXL: a re-engineered powerhouse that literally runs circles around the competition. With a larger scrub deck & new 100W motor, large obstructed areas become manageable. This innovation allows the user to clean up to 2300 m² in just an hour, flipping the script on how a larger auto scrubber should look, feel & handle. Start saving tremendous time when operating the machine, and cut down time on logistics in your larger workspaces. You can save approximately 20% of your time compared to a conventional walk-behind auto scrubber with a size of 50 to 75cm. Empower yourself with the i-mop XXL, where powerful innovation meets flexible design.

New features

i-balance

Freedom of movement and less weight in your hands.

Brushless vacuum motor

40% increased efficient high & low suction power setting.

More features?

Scan the QR code for the latest information on the i-mop XXL.
